### 2015 ... A Closer Look at What We Added

|  |  |
|--|--|
| Advanced Reporting <sup>3</sup>  | <p>For any business that uses reports, included with an active FSP. Feature allows customers to:</p> <ul style="list-style-type: none"> <li>• Make strategic decisions about business growth and access any data for reporting.</li> <li>• Extract data from ES without affecting QBES performance.</li> </ul> |
| Control your data more fully   | <ul style="list-style-type: none"> <li>• Disallow negative inventory quantities.</li> <li>• Disallow selling when overdue on payments.</li> <li>• Customers will have the ability to turn off open balance fields and Admin users can end QB sessions on a remote computer.</li> </ul>                         |
| Work more efficiently  | <ul style="list-style-type: none"> <li>• Sort on any column in a sales transaction and shade alternate rows on forms.</li> <li>• Search within transactions.</li> <li>• Stock Status Improvements and Shortage reports.</li> </ul>   |
| Customized transactions to tailor the QBES experience<br>(example: Customers can view item purchase costs vs. sales costs) | <ul style="list-style-type: none"> <li>• Total any column on a sales form.</li> <li>• Remove totals in footer except last page.</li> <li>• Add cost column to any sales transaction.</li> </ul>  |

### 2015 ... QuickBooks Enterprise Advanced Reporting<sup>3</sup>

|  |  |
|--|--|
