

THE PRECISION PRINTER THAT SPEAKS YOUR LANGUAGE.

Minimalistic in design, the SureColor™ T-Series offers fast and precise processing which is paramount for accurate printing of CAD documents and architectural designs. The T-Series utilises Epson UltraChrome™ XD Ink – an extremely durable ink formulation that is not only water resistant but also lightfast and rub resistant, ensuring the best printing performance whether in your studio or on-site.

ENGINEERED FOR BUSINESS

High-Quality CAD Prints

Accurate dot placement and shape ensures higher print quality, especially useful for CAD and architecture documents.

Durable and Sustainable Prints

Get printed work that is extremely water resistant. With deeper ink penetration, you also enjoy vividly coloured documents.

Fast Printing, Precise Finishing

Experience printing at 28 secs and a cutting speed of 2 secs for an A1 printout.

Enjoy low total cost of ownership while reaping the benefits of Epson's renowned colour quality to quickly produce outstanding printouts up to 44 inches wide for a wide variety of indoor and outdoor commercial applications.

High Quality CAD Prints

Designers and architects will be pleased to know that the SureColor T-Series is designed especially to fulfill the needs of the CAD market, with native compatibility with HP-GL2 printer language. The printer features high precision and extremely accurate dot placement, guaranteeing superb quality printouts every time. In addition, the matte black ink increases the richness of your printed documents, dramatically improving line drawing quality.

Durable and Sustainable Prints

Enjoy better shelf life for all your printouts with the specially-developed Epson UltraChrome™ XD Ink. With its deeper penetration, printed documents not only appear more vibrant, they are also smudge-resistant to enable quick handling of printouts in the office or on-site. UltraChrome XD Ink is also formulated to deliver a high degree of water and fade resistance.

Fast Printing, Precise Finishing

Renowned for its extreme precision, Epson's Micro Piezo™ Thin Film Piezo™ print head is coupled with high-speed cartridge drive technology to produce an A1 printout in a mere 28 secs – 1.25x faster* than the previous models. The cutting accuracy of T-Series has also been enhanced to a mere 2 secs for an A1 printout.

*As compared to Epson Stylus Pro 7700/9700.

Compact and User-friendly

SureColor T-Series features a new user-friendly interface and is designed to make printing and maintenance in small office environments a breeze.

Full Frontal Access

Ergonomic design allows easy loading of media, collecting of printouts and loading of ink cartridges.

Compact Design

Designed to fit seamlessly into the office environment, the T-series allows convenient placement against a wall.

Easy-to-Use Interface

The new control panel features a 2.5 inch colour LCD for easy and stress-free operation. Large LED alert lamp clearly indicates any error status.

Easy Roll Media Loading

Thanks to a jack at the rear, loading a new roll is a one-person job. Media tensioning can be controlled easily from front or back for speedier set-up to maximise productivity. 'Auto Tension Control' and three platen gap settings ensure accurate and efficient media feeding for reliable and continuous printing.

New Continuous Stacker

Allows automatic stacking of up to 20 sheets of normal paper printouts.

Thick Board Media Printing

Straight pass supports printing to thick board media of up to 1.5mm thickness.

Roll-to-Roll Printing

When equipped with the optional auto take up reel, SC-T7070 supports continuous printing to a second roll when the first is depleted.

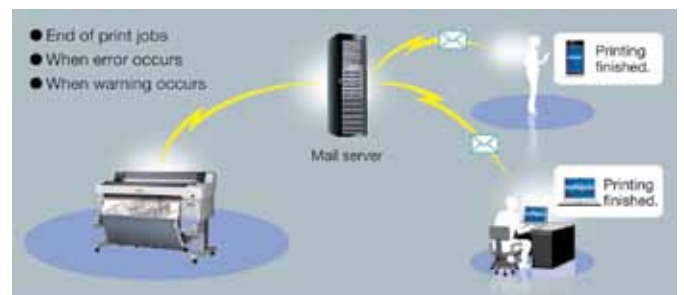

Optional 250GB HDD

Enables fast PC-release for high volume printing and easy reprinting of up to 500 saved jobs from the printer control panel without a PC.

Status Notification System

Built-in monitoring system alerts users about the printer status via email.

Enlargement Copy Without PC

The T-Series printers are compatible with Epson GT-2500 high-resolution scanner. Simply connect the scanner to a T-Series printer for instant enlargement copies.

High Cost Effectiveness

SureColor T-Series accepts two sizes of ink cartridges and a new high-capacity Replacement Ink Maintenance Box is up to 4 times more efficient than previous Stylus Pro models.
